# Outdoor Adventurer Badge

## Step 1: Play outdoors in a new way

Ready, set, repeat! Now that you are an experienced kayaker let's have fun upon the water with fun interactive games on waves.

## Step 2: Explore nature

Girlly naturalist let's take a hike and hunt around for awesome critters and watch the birds and butterflies as well as learn about South Florida native plants.

## Step 3: Buddy up and play outdoor games

Have an overflow play day as we group into teams and face challenges on water while strengthening our bond with each other and nature.

## Step 4: Learn a camp skill

Bring out your wild instincts as we gather information about flora and fauna using binoculars and field guides.

## Step 5: Care for the Outdoors

Explore a wilderness area and collect garbage found. Explore fauna found in a safe manner.

# OUTDOOR ADVENTURER BADGE

## Voice for Animals Badge

### Step 1: Find out about domestic animals

Learn the difference between domestic and exotic animals through an animal encounter.

### Step 2: Investigate animals use for science

Through an animal encounter, learn how different animals can be used in science for different types of research.

### Step 3: Explore animals in husbandry

Become an animal care technician performing different procedures needed to keep animals health.

### Step 4: Take a look at animals used for entertainment

Identify the problems used in the animal trade and pet market meeting exotic animals.

### Step 5: Look into an animal issue

Identify the basic needs of pet animals and the problem associated with the pet trade of exotic animals.

# VOICE FOR ANIMAL BADGE

# Eco-Trekker Badge

## Step 1: Learn how to make minimal impact on a trek

Learn about the importance of photography in order to create awareness about the environment.

## Step 2: Plan an eco trek with a purpose

Plan a trip (nature hike) with the purpose of removing debris from the environment.

## Step 3: Practice an eco skill while in your trek

Hike a path and enjoy nature while minimizing the impacts of fuels and noises, taking photo and leaving only footprints.

## Step 4: Make a difference in your eco trek

Identify the problems used in the animal trade and pet market meeting exotic animals.

## Step 5: Make a difference after your eco trek

Identify the basic needs of pet animals and the problem associated with the pet trade of exotic animals.

# ECO-TREKKER BADGE

## Paddling Badge: Kayak or Paddleboard

### Step 1: Explore paddling through kayak or paddleboard sport

Girl Scouts, let's talk! We will guide you through an introductory lecture of knowing your kayak or paddleboarding including: parts of your kayak/paddleboard, parts of the paddle and basic kayak/paddleboard terminology.

### Step 2: Learn paddling safety

Safety on board! We will immerse into a water safety course where we will practice safety scenarios and challenges where it will trigger your survival instincts.

### Step 3: Practice paddling technique

Get technical and Confident! While demonstrating our girl power we will put your paddling knowledge into practice.

### Step 4: Go on a short paddling adventure

Ready, set, kayak! It's time to have fun, enjoy nature and tackle the challenge applying the concepts learnt.

### Step 5: Take your paddling skills to the next level on kayak

Voyage into your next adventure! Discover with us a new destination.

# PADDLING BADGE

## Ultimate Recreation Challenge Badge

### **Step 1: Experience an ultimate adventure on a trail**

It's time for Girl Scouts to trail blaze! We will hike and kayak through beautiful nature trails. Be prepared for this challenge with appropriate comfortable clothing and shoes.

### **Step 2: Take the ultimate camping trip**

S'mores delight! Get ready to have one of the best camping experiences and put your survival skills to the test! We will be camping, making our own camp fire, star gazing and so much more.

### **Step 3: Dive into an ultimate water adventure**

Bring out your inner fish as we immerge into beautiful keys waters and snorkel through vibrant coral reefs!

### **Step 4: Go on the ultimate offbeat adventure**

Crazy mouse through a mangrove maze. We will venture off to mangrove trails by kayak which will not only be challenging but a real trick to find your way back to shore. Scouts will have to be ready to follow directions and create a bond with their troop to not leave anyone behind.

### **Step 5: Do an ultimate recreation challenge unique to your area**

Make a splash as we will swim and enjoy our oceans through interactive water games.
