

SUMMER CAMP 2024

# INTRODUCTION

## HELLO SCIENTISTS!

---

We are excited to be opening the **Nature Postings Summer Camp 2024!** This year, we have prepared a packed schedule full of adventures, science and research! We have decided to keep our camp smaller and host it in our Studio Lab in order to follow better quality and safety protocols.

## WHAT'S NEW?

---

Our summer camp programming has been changed and improved to assure the best quality program for all participants. With new regulations set by Miami-Dade County, we have formed a new approach that will be implemented in this year summer camp:

**SAFETY** is our first priority! We will be implementing strict regulations for our facility, staff, apprentices, campers and guests. We have implemented a smaller camp, with smaller ratios and strict sanitation procedures.

**LOCATION** of our camp will be at the Nature Postings Studio. Our studio lab provides the best place for our camp, having the animals and all the science equipment accessible to all of our scientists. *Address: 20321 Old Cutler Rd, Cutler Bay, FL 33189.*

**SCIENCE, RESEARCH, DISCOVERIES & ADVENTURES:** Camp themes will be included in EVERY week of the camp. Campers will be able to experience outdoor adventure, science and nature, and research in each week of camp. This approach ensures that indoor activities are kept to a minimum, maximizing regulated outdoor activities that are less risky.

# WEEKS & PRICE

## CAMPERS AND PRICE

To regulate the number of people occupying our facility space, we will be accepting **24 campers per week**. With 6 campers allocated to each team, we will be able to have **3 staff** with the campers and **8 apprentices** to assure quality. This number of campers and staff ratios will ensure safe one on one safety procedures and quality time in each activity. The price of the camp will be **\$465.00 per camper**. ALL SALES ARE FINAL and NO REFUND will be issued.
